architect, designer, creative

Maurizio Bernabei

Architect + Product Designer

versatile, curious, restless:
intuition and technique of the architect, sensitivity and research of the designer

*

I always look for a strong concept designing objects or spaces
so they can tell a story and convey emotions and special added value.
My working method is based on User Centered Design and Design Thinking.

...more about me...

Ex Waterpolo player (team values are very important for me)

Runner amateur (reaching objectives needs concentration and inner strenght)

Masterchef in my home (creativity into the kitchen, as a little playground moment)

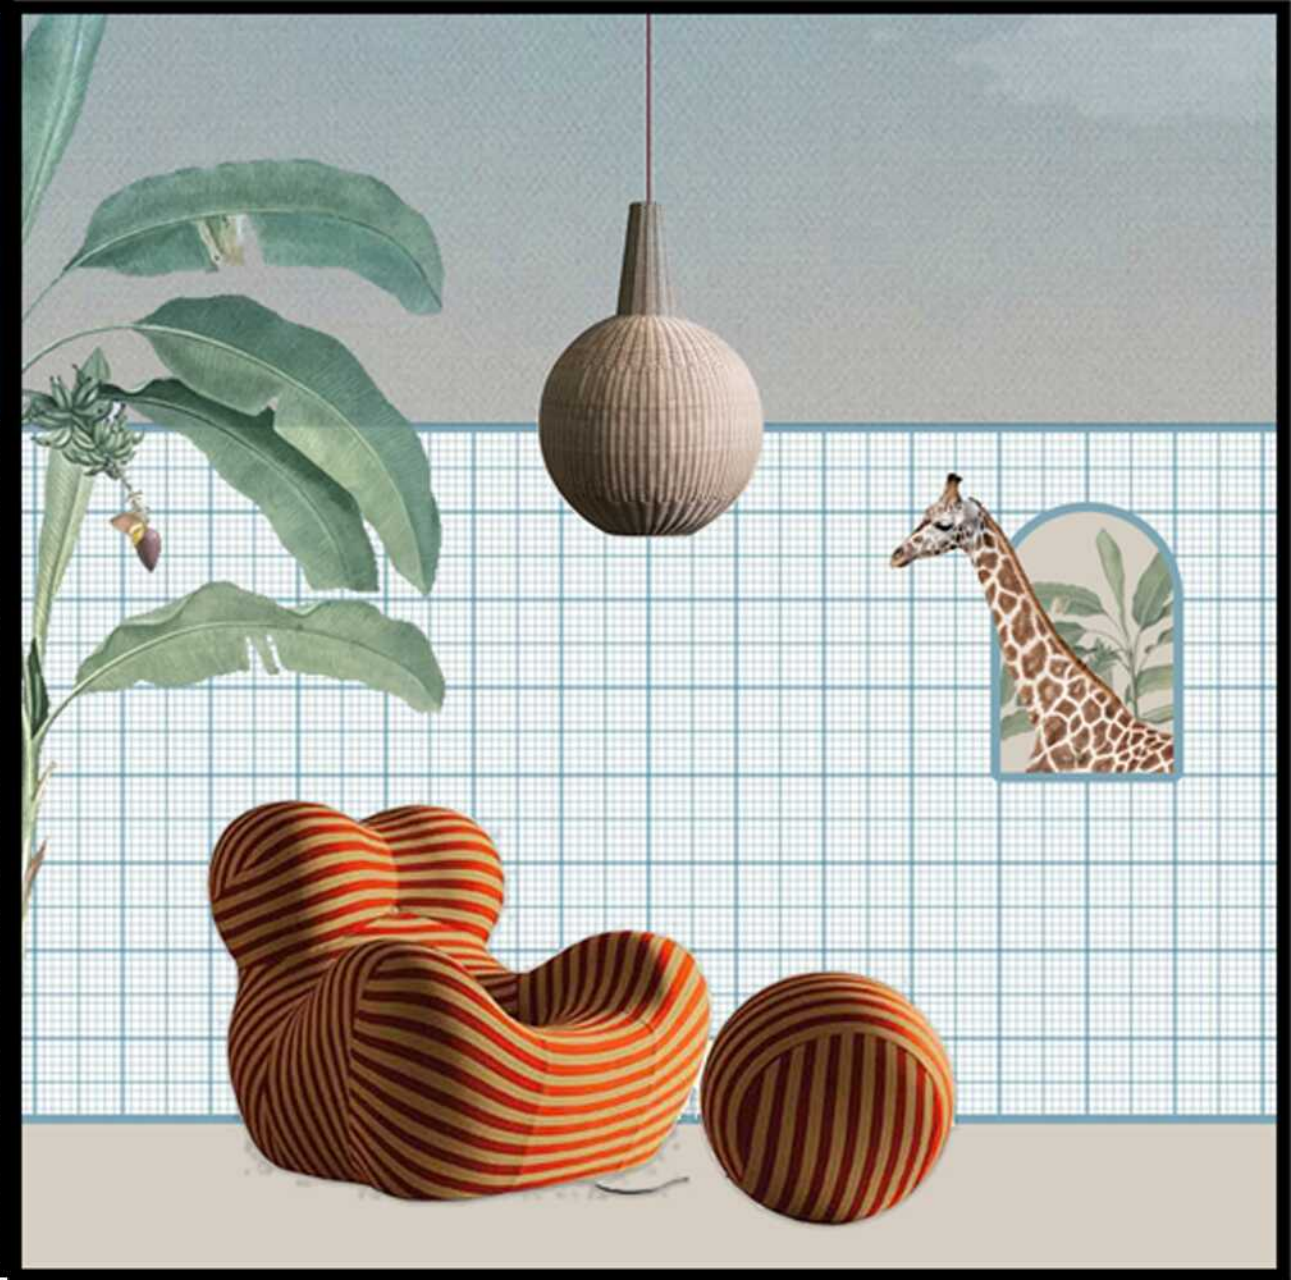

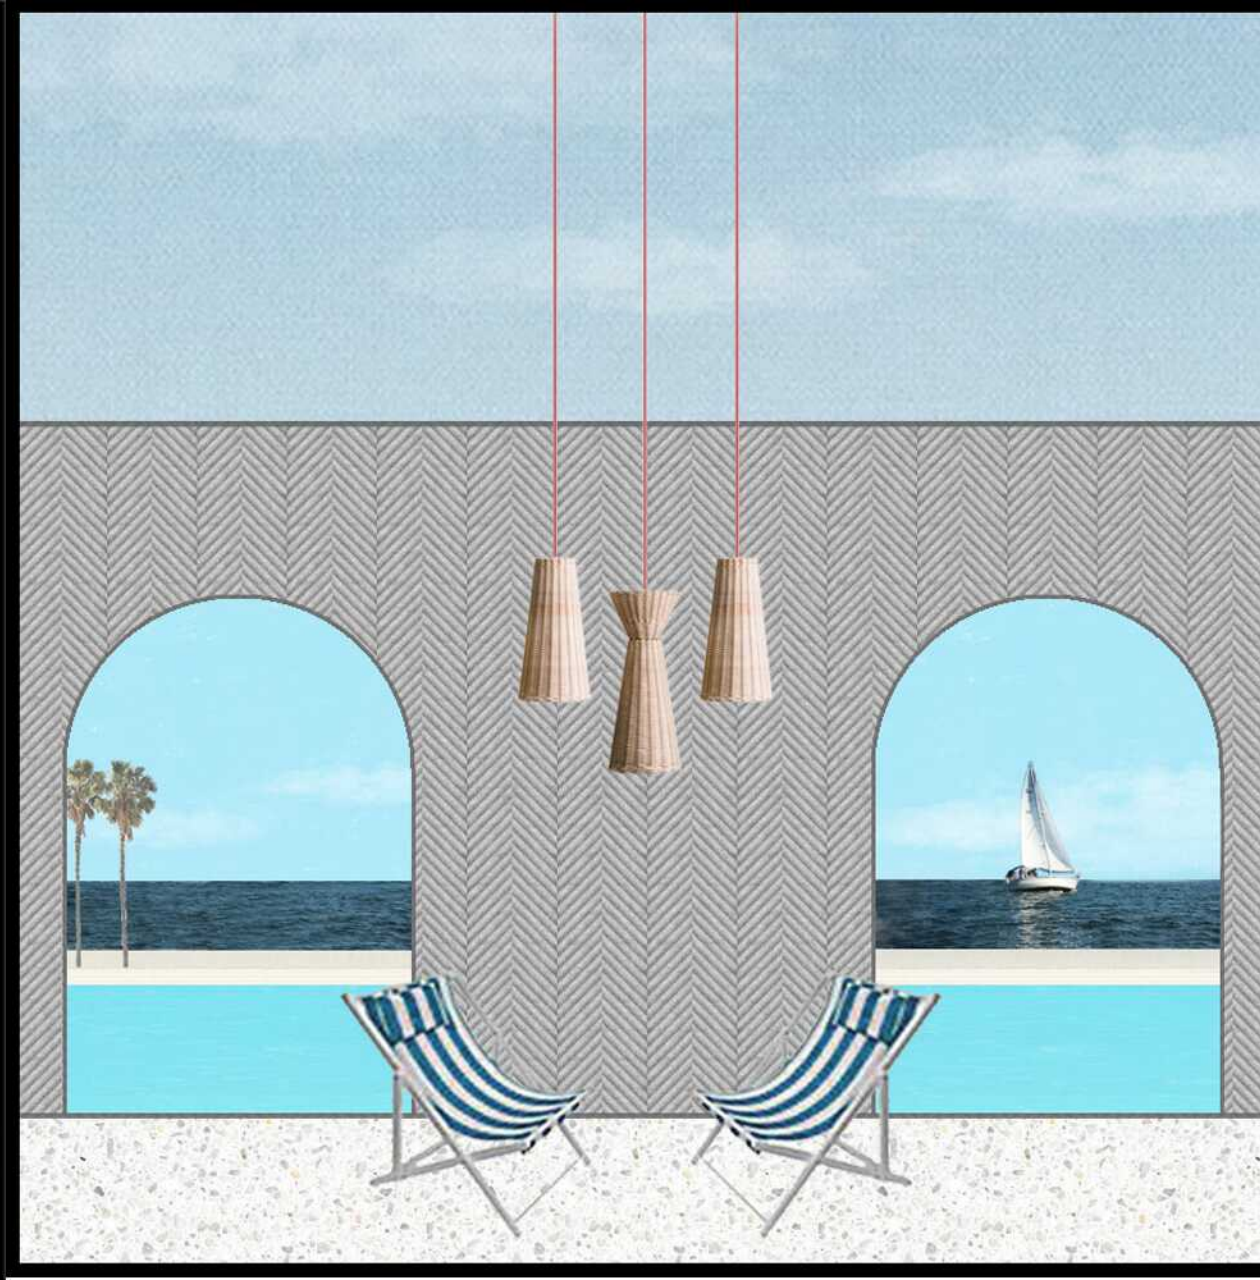

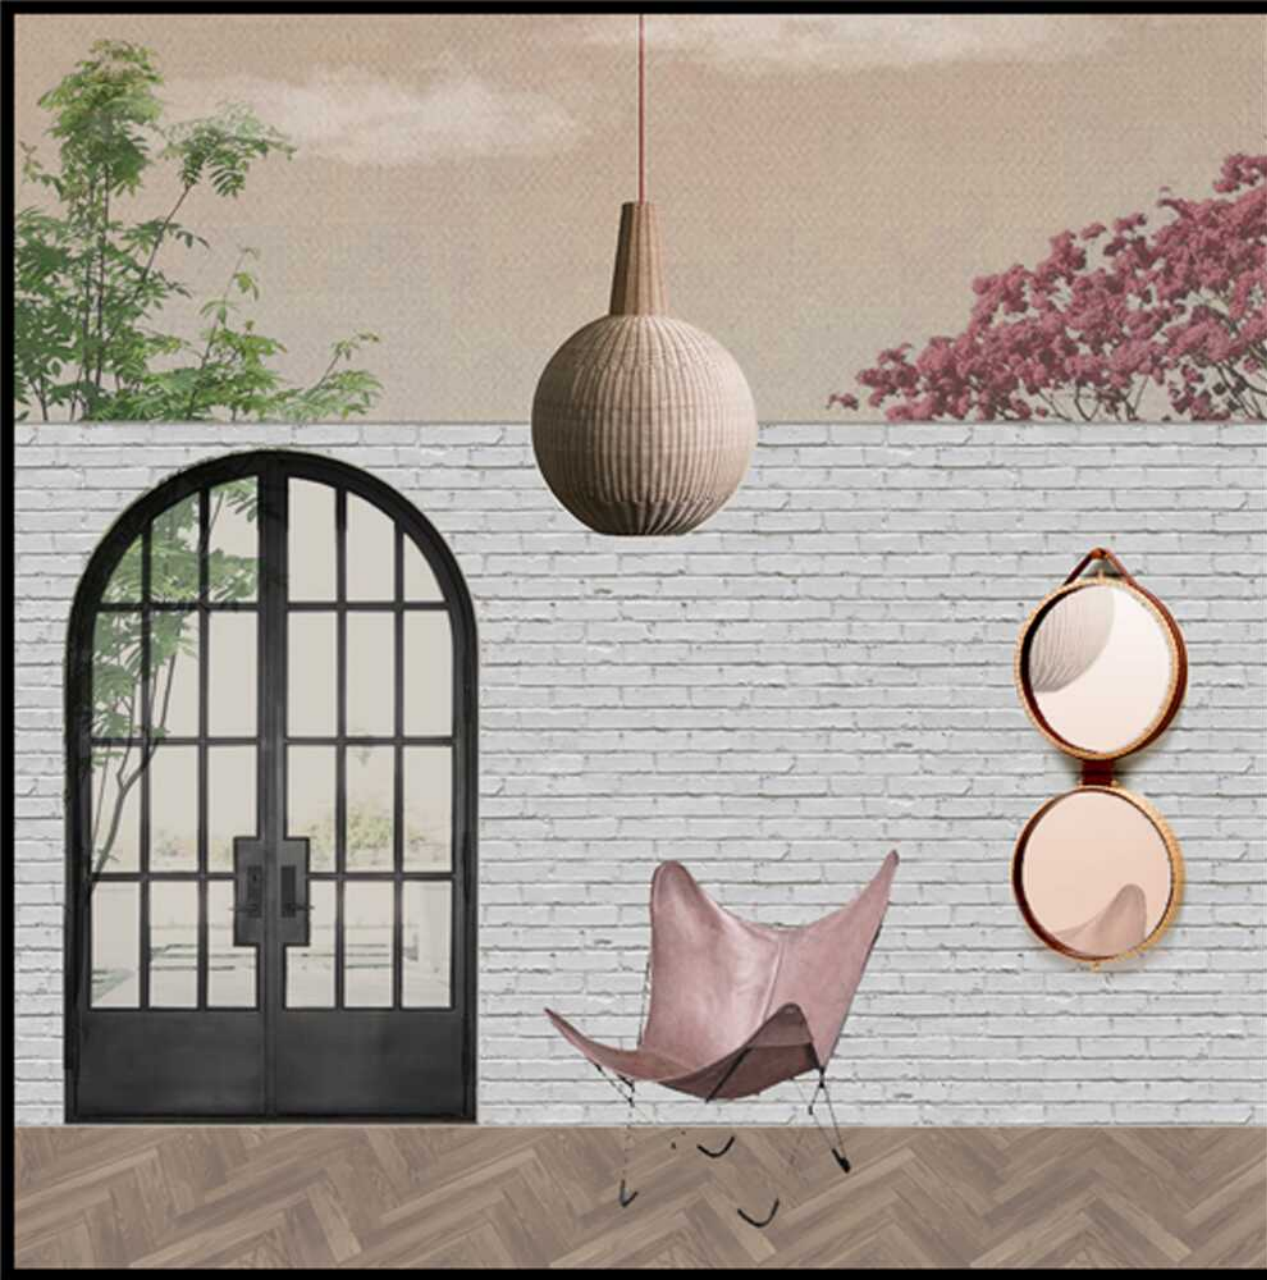

In my travels I collect "architectonics emotions"

I am Creative and Curious. I look for alternative answers for surprising reactions.

Communicator for passion and necessity.

Conflict mediator skills: I try to find compromises to achieve the objective.

Non-solo violinist: In every new place, the first new friendships are born through my music.
